

WAREHOUSE LOGISTICS

## MAXIRIS

### Key figures

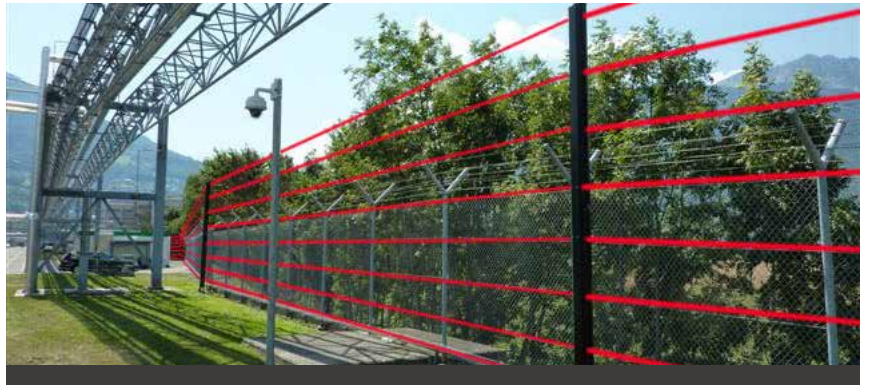

**15**  
MAXIRIS of 2m

**1500 m**  
of perimeter  
to protect

**2**  
technicians

**2**  
days of  
commissioning

One of our integrators wants to protect a warehouse containing valuable goods and secure the vehicles in the car park.

### CONSTRAINTS TO TAKE INTO ACCOUNT

This large-scale site is located in a geographical area subject to numerous fog events.

### OUR SOLUTIONS

- **Active infrared barrier : MAXIRIS**

to perform an intangible wall impassable, in order to detect the crossing thanks to a very high level of detection and a very high reliability.
